Masaru Emoto: Poruke skrivene u vodi

*Pojam vode vežemo s idejom života. Iz nje sve nastaje i u nju se sve vraća. Ona stvara i razara, ona je životni prostor, izvor energije, ona grije, hladi, pere, otapa. Bez nje ne može ni jedno živo biće.*

*Festival VODA – IZVOR ŽIVOTA pokrenut je s namjerom da se skrene pozornost na ljepotu prirode i čistoću voda kojima smo okruženi te da se kroz umjetnost, čovječanstvo okrene stvarnim, pravim vrijednostima na dobrobit naroda, a pogotovo generacija koje dolaze.*

*Izložbe i koncerti koji će se održavati tijekom 2013. godine dio su univerzalne priče o uzroku, nastanku i svrsi našeg postojanja, onoj kozmičkoj i kozmogonij-skoj, uz nadu da se kroz umjetnost osjetimo dijelom vječne atrakcije života.*

Presentation of the book by

Masaru Emoto: The Hidden Messages in Water

*When we say: water, we instinctively think of the idea of life. Everything emerges from the water and everything returns into it. Water creates and destroys, it is a living space, a source of energy, it heats, it cools, it washes, it dissolves. No living creature can exist without the water.*

*Festival WATER - SOURCE OF LIFE was launched with the intention to draw attention to the beauty of nature and the purity of the water which we are surrounded by. It is an attempt that through art the mankind turns to real, true values for the benefit of the people, especially of the generations yet to come.*

*Exhibitions and concerts that will take place during the 2013 are part of the universal story about the cause, origin and purpose of our cosmic and cosmogonic existence, with the hope that through art we could experience the eternal attraction of life.*
